

EXTENDED REACH SUCTION TOOL OFFERED BY: **LODESTONE PATCHWORKS**

PHOTO SHOWS APPLICATION @ 16 FEET OVERHEAD. VARIABLE WORKING HEIGHT IS BASED ON POLE LENGTH.
(POLE NOT INCLUDED)

SAFETY NOTE: ALWAYS WEAR PROPER PPE
WHEN INSTALLING PATCHES OVERHEAD,

Easy to use Suction Cup Applicator:

1. Patch with tool attached (Proper placement orientation)
2. Attach this edge to spout, release suction. Use tool to push other edge into place.

Installation Notes:

1. 12x12 patches with "Label" in center will require label removal.
2. Suction tool WILL NOT work to remove a patch.
3. Before installation, attach cord to handle if you wish to remove patch.
4. Evaluate wind conditions for safe patch installation with suction tool.

2. RELEASE SUCTION. USE TOOL TO PUSH OTHER EDGE INTO PLACE

Made In The USA
